

Hello Imperial Golf Estates Neighbors:

The Collier County School Board is proposing to re-zone our neighborhood from Veteran's Memorial Elementary to Naples Park Elementary. This is not the best decision for the children here. The Collier County School Board will be sending our children to a school that is lower ranked, further away, in an area of higher traffic and higher crime, to a facility that is 51 years old. This is not a lateral move. Re-zoning our neighborhood will negatively impact the children here.

We are grateful for our beautiful neighborhood, and it is important that Imperial Golf Estates be associated with the best schools possible. We need to keep our children at Veteran's Memorial Elementary. Here is how you can help:

**Submit Public Feedback to Collier County Public Schools that You Are Against the Modification:**

**Sign The Petition to Stop The Re-Zoning of Imperial:**

We are grateful for your support and pray that with enough voices heard, we can continue to provide our children the best education available to them here in CCPS.

Sincerely,

Kara Thannert
